

September 26 Notice of Motion

Whereas over the last four years the City of Elliot Lake has had numerous inquiries, investigations and charges brought against sitting members of Council for breaching Council's Code of Conduct and/or the Municipal Conflict of Interest Act, and

Whereas the City of Elliot Lake has paid out hundreds of thousands of dollars to pay for the subsequent investigations, and court proceedings, and

Whereas incorrect or exaggerated information is being disseminated in public forums, and

Whereas it is in the public interest to know the real cost involved in each of these cases and so be better informed as to the impact these cases have had on the finances of the City and their implications going forward,

It is hereby resolved that staff be directed to bring a fulsome report to the next Council meeting detailing the costs for the various Integrity Commissioners, their investigations, the cost for the law firms involved and any other costs associated with the Integrity Commissioners' regimes during the life of this Council.

And I so move.
