**Re:** Notice of Motion

---

Good afternoon Ms. Bray,

Please find attached a Notice of Motion for the consideration of Council at our upcoming meeting on Monday November 28. 2022.

This Motion of is in relation to declaring 151 Ontario Avenue surplus to the needs of the Municipality. Originally there were some discussions suggesting that there was in portions of this property when the City originally purchased the lot. To my knowledge there have been no such conversations in the latter half of the past term of Council.

That being said I believe it is our best interest to return the property to the open market for sale. I trust this meets with your approval and I look forward the discussion on Monday Evening.

Respectfully submitted,

Norman Mann

Councilor, City of Elliot Lake
