A SNAPSHOT OF ELLIOT LAKE

LOCATION

Elliot Lake is a city in Algoma District, Ontario, Canada. It is north of Lake Huron, midway between the cities of Sudbury and Sault Ste. Marie in the Northern Ontario region.

In addition, Elliot Lake is now known as a place for affordable retirement living, waterfront cottage lots and as a four-season destination.

Elliot Lake is a clean, modern city that combines the hospitality of a small town with the services of a major urban centre. The pristine wilderness and literally thousands of lakes just beyond the city limits provide countless opportunities for hiking, camping and world-class fishing.

1 DATA SOURCES

Please note that every effort has been made to use the most current data available. The major sources of information for this document are:

- The 2006, 2011, and 2016 Census from Statistics Canada; and
- Manifold SuperDemographics data is 2018 from Manifold Data Mining Inc.

The most recent Census was conducted in May 2016. SuperDemographics 2018 is the most up to date estimation of population characteristics, based on mathematical models that draw from various data sources.

MANIFOLD PROJECTION METHOD:

Manifold estimates demographic data annually, including population projections for 5 and 10 years in the future. Manifold methodologies are based on the following techniques:

- Enhanced cohort survival methods;
- Nearest neighborhood and regression techniques; and
- Structural coherence techniques.

2 INTRODUCTION

Elliot Lake is a natural choice for business investment, whether relocating an existing business to take advantage of the unsurpassed quality of life and natural advantages or starting a new business.

The area was originally a summer home of the Ojibway Nation on the North Shore. At the turn of the 20th Century, the area was dominated by logging and, to a smaller extent, tourism. The 1953 discovery of uranium prompted the opening of 14 mines and uranium mining would become the dominant local industry for the next half-century. Purposeful plans to diversify the local economy beyond mining have been unfolding since the 1990s.

Long known as a place to retire for individuals and couples, Elliot Lake's reputation for an unsurpassed quality of life is starting to spread into business investment opportunities. And why not? With this kind of lifestyle business owners and their employees have the best of both worlds: prosperity and quality of life.

Elliot Lake is fully wired with high quality fibre optic broadband capabilities and affordable serviced industrial and commercial space available.

Everywhere you look in Elliot Lake, there are signs of growth and excitement - new retail and commercial investments, high residential occupancy stats, a booming cottage construction industry and large new housing starts on the horizon.

2.1 Location

Elliot Lake is a clean, modern city that combines the hospitality of a small town with the services of a major urban centre. The pristine wilderness and literally thousands of lakes just beyond the city limits provide countless opportunities for hiking, camping and world class fishing.

Elliot Lake is strategically positioned in Northern Ontario between the large urban centres of Sudbury and Sault Ste. Marie. The city is located just north of the Trans-Canada Highway with quick access to numerous deep-water ports along Lake Huron and the US border crossing at Sault Ste. Marie.

¹ Refers to the relationship between a person's usual place of residence and his or her usual place of residence one year earlier. A person is classified as a non-mover if no difference exists. Otherwise, a person is classified as a mover and this categorization is called Mobility status (1 year ago). Within the category of movers, a further distinction is made between non-migrants and migrants; this difference is called migration status.

² Non-movers are persons who, on Census Day, were living at the same address as the one at which they resided one year earlier.

³ Movers are persons who were living at a different address from the one at which they resided one year earlier.

⁴ Non-migrants are movers who living at a different address, but in the same census subdivision (CSD) as the one they lived in one year earlier.

⁵ Migrants are movers who were residing in a different CSD one year earlier (internal migrants) or who were living outside Canada one year earlier (external migrants).

3.5 Level of Education

Figure 3 and Table 7 indicate the level of educational attainment in Elliot Lake in 2018:

- Approximately half of Elliot Lake residents have reached Post-secondary Education.
- The percentage of persons with an apprenticeship or trades certificate or diploma is slightly higher than the province (7.4% vs. 6.2% in Ontario).
- Nearly 30% of the population has attained college level education, while only 12% has completed university level education.

Figure 4 demonstrates that Elliot Lake's income distribution resembles a standard normal distribution, with nearly 65% of the population sitting at the center of the distribution (\$20,000-\$79,000). In comparison, Ontario's income distribution is much less symmetrical, placing a larger gap between the provincial median and average income.

⁹ Participation rate % = labour force/total population aged 15 and over

Employment rate % = employed/total population aged 15 and over

Unemployment rate % = unemployed/labour force

¹⁰ Labour force - Refers to persons who were either employed or unemployed.

Unemployed - Refers to persons 15 years and over, excluding institutional residents, who, during the week (Sunday to Saturday), were without paid work or without self-employment work and were available for work and either:

- (a) had actively looked for paid work in the past four weeks;
- (b) were on temporary lay-off and expected to return to their job;
- (c) had definite arrangements to start a new job in four weeks or less.

Participation rate - Refers to the labour force expressed as a percentage of the population 15 years and over excluding institutional residents.

Employment rate - Refers to the number of persons employed expressed as a percentage of the total population 15 years and over excluding institutional residents.

Unemployment rate - Refers to the unemployed expressed as a percentage of the labour force.

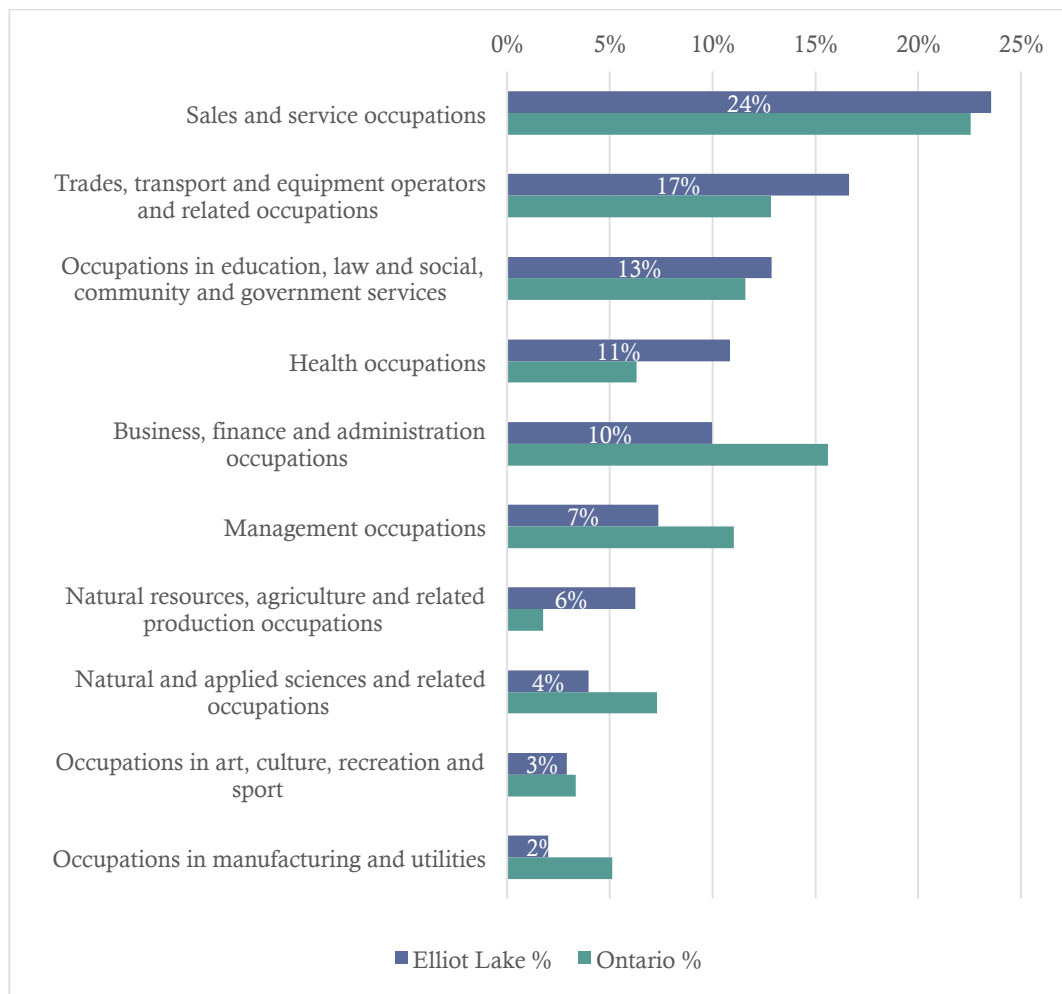

4.2 Labour Force by Occupation

Figure 5 and Table 12 illustrate Elliot Lake's labour force make up by occupation:

- The **Sales and Service** sector represents the largest occupational group (24%) in the community.
- The percentage of the population in Elliot Lake working in **Trades, transport and equipment operators and related occupations** is significantly higher than that of Ontario.
- The percentage of the labour force in **Occupations in education, law and social, community and government services**, as well as **Health occupations** are also substantial, and both are higher than Ontario figures

The Port of Thunder Bay is located 900 KM from Elliot Lake at the head of the Great Lakes/St. Lawrence Seaway System, a dynamic navigable waterway that stretches 3700 kilometres into the heart of the North American continent. A one-way voyage through the Seaway to Thunder Bay takes about five days with ships 228.6 metres in length, 23.8 metres in width with a draft of 8.2 metres being elevated some 180 metres through 16 of the most efficient locks in the world.

JAMES BAY/HUDSON BAY

James Bay (French: Baie James) is a large body of water on the southern end of Hudson Bay in Canada. Both bodies of water extend from the Arctic Ocean. James Bay borders the provinces of Quebec and Ontario; islands within the bay (the largest of which is Akimiski Island) are part of Nunavut. The James Bay watershed is the site of several major hydroelectric projects and is also a destination for river-based recreation.

FISHER HARBOUR

The Gateway to all of Northern Ontario, Fisher Harbour is a full service onload/offload facility, it is fully accessible from the Great Lakes Waterway and via Highway 6 and 17. It is 100+KM from Elliot Lake. Fisher Harbour offers unlimited storage capacity and offloading of ships at 4000 tonnes per hour. The docking facilities can handle any of the biggest ships on the Great Lakes Waterway.

Footnotes:

1. Weighted average hourly spot market price (WAHSP) or retail contract plus Global Adjustment.
2. An adjustment for line losses is included under the Delivery line for low-volume customers who use less than 150,000 kWh of electricity a year. Customers paying the spot market price will have this adjustment included under the Electricity line. It is calculated as follows: {adjusted use in kWh x (RPP prices/spot price/retail contract price)} – {metered use in kWh x RPP prices/spot price/retail contract price} = line loss adjustment.
3. If you've enrolled with a retailer, the \$0.25 standard supply service administration charge will be deducted from the Regulatory charges on your bill.
4. The Ontario electricity support program reduces electricity costs for low-income customers. It is funded through a per kilowatt-hour charge on all electricity bills effective January 1, 2016

9 QUALITY OF LIFE

Elliot Lake has a vibrant and active arts and culture community.

From the visual arts to theatre to music and dance, and everything in between! There is something for everyone to participate in, and residents can get involved in a wide variety of arts & cultural organizations.

Elliot Lake's arts scene is a community of creative individuals and organizations that have developed their artistic gifts and who share their creativity and knowledge. The arts literally flourish and come to life in Elliot Lake.

The city is home to top notch facilities, including the Lester B. Pearson Civic Centre. The Lester B. Pearson Civic Centre is a unique facility in the heart of Elliot Lake. A former hotel during the heydays of mining in Elliot Lake, it underwent a multimillion-dollar facelift in the mid 1990's and was converted into a community theatre, office building, nerve centre for the artistic community and home of the Elliot Lake Nuclear and Mining Museum.

Elliot Lake truly is a community with nearly 200 social clubs and organizations. There is something for everyone.
